Childhood treasures

Kidiwi Handmade is a poetic and sweet French brand, founded by a mother-daughter passionate duo in 2009.

The brand:

The two women like to communicate the **emotions offered by a handmade garment**. Beyond the clothes, there are the **unique know-how of a hand**, embroidering patiently each square millimeter of the bodice of a dress; the passion for a job well done; but above all, the love for children and the memories of those tender, important moments we are having with them.

Famous for its **hand smocked finishing**, the Kidiwi signature truly remains in its skill to reinvent a classic shape with a unique sense for detail that only handmade craft can bring. Discretely **hand stitched ruffles, bows** and **embroideries tell the story of our childhood fairy tales and nursery rhymes**.

Kidiwi embraces both the **elegance of the French design** and the **finesse of an ancestral know-how** that the brand masters and updates. The results are exclusive and unique garments for boys and girls from 0 to 12 years old.

Kidiwi's timeless line that caught the attention of royal families dresses children

The spirit of the new collection...

The new SS2019 collection was inspired by **Marie Rouanet**'s book titled "**Trésors d'enfance**" (Childhood treasures). This French writer describes in her book these **little things** picked up here and there, during a walk, which made her joy when she was a child. It is this **spirit of freedom and happiness** that makes all the **beauty of childhood** and a never-ending source of inspiration for Kidiwi.
